

Insect Screens

The Retractable Insect Screens from Phantom

Let cool summer breezes into your home, but keep the insects at bay, with North America's leading retractable door & window fly screen. Engineered to smoothly retract out-of-sight when not in use, Phantom fly screens are at home in any setting – their subtle styling makes them ideal for most doors and windows. Phantom fly screens provide an innovative way to circulate fresh air whilst enhancing privacy and protecting from insects and sun.

Components

Phantom's 8 Serene's high-quality fly screen components ensure years of trouble-free operation.

- Slide bar, housing and track system made from high quality extruded aluminium
- Baked-on acrylic finish resists fading and chipping
- Sturdy, UV and rust resistant handle and fittings
- Durable PVC-coated fibreglass mesh
- Solid spring mechanism to retract screen
- Built-in handle and latching mechanism
