Orion

Lightweight, durable parasols with an aluminium frame and high grade acrylic fabric in a wide range of colours. Ideal for commercial use where regular set up and take down is required.

Frame

Aluminium pole, 48mm diameter with 2.02mm wall thickness, aluminium ribs 32mm x 21.5mm with a 1.8mm wall thickness. Glass filled nylon hubs, designed to allow easy replacement of components, thus ensuring long term investment protection.

Canvas

High grade canvases available in standard acrylic or Sunbrella fabric. Connected to the frame with stainless steel eyelets and bolts, to make replacing canvases simple. Fitted with a large size air vent for additional stability.

Available sizes

- 2.5m Square
- 3.0m Square
- 3.0m Hexagonal

Options

- Heavy duty PVC cover bags for protection when parasols are closed.
- Bases in concrete, granite and steel.
- Stainless steel in ground base.

Printing

High quality screen printing is available with no minimum order quantity.
