

Tradewinds Mistral

Resilient

Designed for commercial use

High strength wooden frame

Polyester fabric

Ideal for branding

Tradewinds Mistral

High grade wooden parasols, specifically designed for commercial use. Available in a wide range of shapes and sizes. The Mistral uses the same frame as the Tradewinds Classic parasol but offers a reduced cost by using a lower cost polyester fabric.

Frame

Manufactured from laminated eucalyptus, ideal for parasols due to its high density and straight grain. Stainless steel bracket system that allows easy replacement of any components, ensuring long life and maximum investment protection.

Canvas

Polyester canvas available in a limited range of colours. Reinforced pockets make replacing the canvas simple. Fitted with a large size air vent for additional stability.

Available sizes

2.2m Square	2.6m Hexagonal
2.8m Square	3.2m Hexagonal
3.6m Square	4.0m Octagonal
2.0m x 3.0m Rectangle	

Options

Heavy duty PVC cover bags for protection when parasols are closed. Bases in concrete, granite and steel. Stainless steel in ground bases.

Printing

High quality screen printing is available with no minimum order quantity.
